The Users' Committee is there to protect your rights.

At some time, everyone will require healthcare or will need to guide someone in their journey through the healthcare system. This can be disorienting and you may not know what your rights and obligations are at a healthcare facility. The Users' Committee is there to help you.

Our mission

- Promote continuous improvement in the quality of users' living conditions.
- Assess level of satisfaction with the services and facility provided.
- Inform users about their rights and obligations, and help any user who would like to file a complaint.
- Represent users at various committees of the CISSS de la Montérégie-Centre, RLS de Champlain-Charles-Le Moyne.
